

**1809DC Surface Mount PoE LED Fixture (Power Over Ethernet)**

Part Number: 11809DC7728

U.S. Patent No. 9,546,782; D728,149

**FEATURES**

- PoE compatibility
- Durable housing designed specifically for walk-in coolers/freezers
- Low profile high-impact lens with anti-glare technology
- Compact size with similar lumens as 4' fixtures
- Reduced heat generation helps lower utility costs
- 50,000+ hours of life
- 5-year limited warranty

**MATERIALS**

- Polycarbonate lens
- Aluminum housing

**ELECTRICAL**

- **Lumens:** 3826
- **Watts:** 28 W
- **CRI:** 83.2

**DESIGN CRITERIA**

- PoE compatible; DC input settings of 770 mA, 28 W
- Designed for damp/wet cooler/freezer environments
- Surface mounted with (2) #10 screws
- 4000k, 3826 lumens, 136 L/W
- Light connects via standard low voltage leads
- **Operating Temperatures:** -40 to 77°F (-40 to 25°C)
- **Safety Standards:** RoHS, NSF, IP-65

Part No.	Description
11809DC7728	LED Fixture for PoE, DC only

**1809DC Surface Mount PoE LED Fixture (Power Over Ethernet)**

Part Number: 11809DC7728
